ChangeLog

Line Counter v.170821

- It counts the lines of text-based files in any directories given.
- It takes optional directory.
- It takes the directory the user runs it from.

Line Counter v.060821

- It counts the lines of text-based files in the directory the user runs it from.
- It only works on the current working directory (CWD), that is the directory the user runs it from.
